

# FLL Team Information Sheet

**FLL Team Number:** 17361  
**Team Name:** Block Busters  
**School/Affiliation/Location:** The Miami Valley School

## Team Members:

Lakshmi Jain  
Sean Gupta  
Asha Buerk  
Charis Jarvis  
Frances Peters  
Charlotte Audus  
Samantha Pochet  
Caroline Shoup  
Lily Rueckhaus  
Nickolas Noyola

**Coach**  
Mr. Lou Pochet  
Mr. Mike Noyola

**Mentors**  
Emma

**Robot's Name**  
Fat Man

Team Picture

## Robot Design Information

Tell the judges information you want them to know about your robot's design. You might tell them something about your game strategy you think is cool, or some interesting attachment you designed, or some other facts about your robot that you think are cool.

The first thing we did to design our robot was to decide if we wanted our robot to be tall or wide. We made a Fat Man and a Skinny Boy. We decided since the missions were spaced out, we made our robot wide.

We made an arm on the back to grab things and use it for almost everything. We added two forks in the front that hold the octopus, chicken and career. To put our gyro on, we basically hid in the heart of the robot!

## Core Values Information

Tell the judges what you learned about FLL Core Values this season. Let them know about problems you solved, what you've learned about working together as a team and what Gracious Professionalism means to you.

We did all types of core value activities such as Ring of Fire square circle. One of the things we learned was that when we work as a team, we get things done more quickly and efficiently.

To our team, gracious professionalism means to be proud of our accomplishments but not to brag. In school we have math competitions. When one team wins they don't brag because we see them at school every day.

- ☐ We have provided Robot Design supporting materials
- ☐ We have provided Research Project supporting materials
- ☐ We would like our presentation materials returned to us

## Project Information

Tell the judges information you want them to know about your project. Examples include something special you learned, who you shared your research with, what experts you talked to, and what you learned about your community.

Our plan is to start a new composting program at MVS. We are going to "gamify" it by offering rewards for bags full of food compost.

Rewards can include pizza parties for classes, free dress days, etc.

We talked to Mrs. D, Mr. Shirley (school administration) and the people at UD composting program to make our plan realistic.

## Fun Facts About Our Team

Tell the judges anything fun about your team that you want. It could be a funny story, your team motto, or anything else you'd like them to know.

We love to snack!

Our emblem is jazz hands!

We love to do core value activities!

We have fun with everything!

We helped the 5 Jr. FLL teams.

The Jr. FLL Teams helped us build the missions for our table.

Most of us have little brothers and/or little sisters in Jr. FLL.
